- Trainer's profile & availability confirmed with trainee before payment
- Online social presence on Facebook to show transparency, accountability, recommendations from others as well as to receive your inputs

FEATURES OF ONLINE TRAININGS

We conduct both classroom and online trainings. Siebel CRM being a software product, the practice has to be on a computer. Which is why there are more advantages in the online virtual sessions:

- Dedicated interaction with trainer
- Free recording of entire session using open source tools
- Flexible scheduling as per each individual
- Morning sessions for working professionals
- Open for trainees across the globe
- Cheaper than classroom sessions
- Flexibility to choose skype or telephone conference calls
- Free demo of 15 – 30 minutes available on request
- Only basic configuration needed (256kbps internet connection, 2GB RAM, Windows XP, 40GB or so free disk space, 2+ GHz processor, Administrator Rights)
